The Governor of New South Wales, Sir Arthur Roden Cutler, V.C.,
officially proclaiming the City of Dubbo, at the Council Chambers,
on Monday, 12th September, 1966.

Marina S. Pentec

The City of Dubbo

BY Proclamation published in the Government Gazette on 9th September, 1966, the Municipality of Dubbo was proclaimed as the City of Dubbo.

The terms of the proclamation were read to the assembled public by His Excellency, Sir Arthur Roden Cutler, V.C., K.C.M.G., C.B.E., K.St.J., Governor of the State of New South Wales, at the Council Chambers, Dubbo, on Monday, 12th September, 1966.

The proclamation reads:

LOCAL GOVERNMENT ACT, 1919

PROCLAMATION

(Signed) A. R. CUTLER,
Governor

I, Sir Arthur Roden Cutler, Governor of the State of New South Wales, with the advice of the Executive Council, and in pursuance of the Local Government Act, 1919, do hereby proclaim the Municipality of Dubbo as the City of Dubbo (M66/1259)

By His Excellency's Command,

(Signed) P. H. MORTON,
Minister for Local Government

GOD SAVE THE QUEEN

A BRIEF HISTORY OF . . .

Dubbo Greek Community

In 1949 a group of civic-minded Greek citizens of Dubbo met together with the idea of forming an association whose main aim would be to build a church of the Orthodox faith and further to assist with charitable works.

From this meeting there emerged "The Dubbo Greek Community," the officers of the first Committee being: President, Mr. John Emmanuel Calligeros, Vice-President, Mr. Peter Coroneos, Secretary, Mr. John Spero Calligeros, Treasurer, Mr. Jim Saucis, with Messrs. H. Georgeson, C. Hadgis and S. Androustos as Committeemen.

The Community Committees of the early years found it difficult to convince the people of the need for this project and for some long time they struggled to keep the idea alive. However, by sheer persistence they eventually gained some support and gradually the Greek people began to accept the "Community" with the result that by 1956 they were in a position to consider their first charitable project. This was the furnishing of a room in Lourdes House, Dubbo, and also the gift of a television set for the old people residing at the House. Also during the same year the ladies of the "Community" elected to join the "Meals on Wheels" scheme, and since that time have taken their turn in this very worthwhile project.

During the period, 1959 to 1963, the Committee, under Presidents John Calligeros and Peter Kaloutsis, purchased a disused building in Roper Street, Dubbo, and after extensive alterations and re-decorating it was ready for use as the Orthodox Church. On the 30th September, 1962, the church was Dedicated by His Grace Archbishop Ezekiel, of the Greek Orthodox Archdiocese of Australia and New Zealand, in the name of Our Lady (Mertidiotissa).

In 1963 His Grace the Archbishop appointed the Reverend George Koukoulas as the first full time parish priest. Upon his arrival in Dubbo the Rev. Koukoulas, with the assistance of the Community Committee, decided that the first need of Parish was to establish Sunday Schools, and these were formed at Dubbo, Gilgandra and Wellington. Since he has been in Dubbo the Rev. Koukoulas has had the Parish boundaries extended to cover places as far apart as Orange, Bourke, Walgett, Coonabarabran and Forbes. The present population of this very extensive parish exceeds 1000 persons.

The year 1963 was the turning point for the "Community", with the Parish Priest to minister to their spiritual needs and the Committee, under President Theo Conomos, the people have responded so well to their appeals that today we have one of the finest and most beautifully furnished churches outside the Metropolitan area. The Committee looks forward to the day when all people of the Orthodox faith in this parish are fully committed to our church, which, as you all know, was forgotten for many years.

The present Committee, with the President, Mr. Theo Conomos, Vice-President, Mr. Harry Logus, Secretary, Mr. S. Raunis, Treasurer Mr. J. Tsasis, and Messrs. E. P. Samios, N. Esclavos, P. Kaloutsis (Dubbo), N. Coroneos (Gilgandra), and Theo Stathis (Wellington), also the Ladies Auxiliary wish to express their sincere thanks and appreciation to the many people for their kind donations and to the various firms whose advertisements appear in these pages, without whose support this book would not be possible. The Committee strongly recommends to all members to give full support to those who have advertised herein.

A MESSAGE FROM . . .

John M. Mason, M.L.A.

Central Western N.S.W., with the City of Dubbo as its focal point, is able to offer a complete commercial, recreation and community service that is equal to anywhere in Australia.

Feeding into Dubbo is a network of communications that bring all capital cities within easy reach and give access to the industrial seaboard centres. All of this makes Dubbo and the Central West a great place to do business.

When the Macquarie River was first settled by our pioneers, and as they fearlessly stretched out along it into the rich and fertile slopes and plains of the Central West, it soon became apparent that here was a reliable and sound land that would grow and prosper.

Interestingly enough, even in those early days some far-seeing men predicted that Dubbo would become an increasingly important commercial and business centre. How true their predictions turned out to be!

Undoubtedly one of the reasons for this spectacular growth of the Central West is the variety of our enterprises.

These range from the best citrus orchards in Australia to our important cereal crops; from our extensive stock saleyards, national stud shows and abattoirs to our productive market gardens which include the largest asparagus farm in the Southern Hemisphere; from stamps to boomerangs; from irrigation pastures to wholesale houses and specialist medical services. Certainly the Central West has everything to offer.

The Government of N.S.W. has indicated in a great many ways that it has a growing awareness of the importance of Central Western N.S.W. and of Dubbo as its capital. It currently is expending over \$10 million in the area, and in line with its decentralisation policies it is planning to make Dubbo a Regional Centre for its administration. It is also assisting a number of enterprising businessmen to establish industries that will add to our prosperity. Truly the best is yet to be for Dubbo.

I congratulate the Greek Community of the Central West for their wisdom in producing this Business Directory and share with them in praying that development and progress may continue.

Mayor's Congratulations

I am happy to be associated with the "Business Directory of Dubbo and the Central West," produced by the Greek Community of the West.

Dubbo was proclaimed a village in 1849 and now, 117 years later, it has been proclaimed a City. The proclamation was made by His Excellency the Governor of New South Wales on 12th September, 1966.

The achievement of City status gives great pleasure to all citizens of Dubbo, but it is realised that this auspicious event was only brought about by the planning and labours of earlier citizens.

Dubbo is now recognised as the commercial centre of the West and I congratulate the promoters of this booklet on their enterprise in publishing a Directory which must further assist the business interests of this extensive area.

As Mayor of Dubbo I would like to take this opportunity to thank the members of the Greek Community of the West for the part they have played and continue to play in the life of our town and trust that the growth of the City of Dubbo will be paralleled by the growth of the Greek Orthodox Community.

Ald. K. L. C. DUNLOP,

Mayor of Dubbo

Hellenic Soccer Club - - -

In 1962 there was only one club playing soccer in Dubbo district. The following year a few Greek boys considered the time opportune to commence their own club and hence Dubbo Hellenic Soccer Club came into being.

Since that time a successful and healthy club has fielded teams each season. The first season did not bring honours, however, with their second attempt the club became the local district champions, besides having a team in the Western District Competition, which finished third in the table. The third season again saw Hellenic as leaders in the local competition and again third in the Western Districts.

In the season just finished our position in the local competition was second to Dubbo United and again we finished third in the Western Districts competition.

In addition to the senior sides just mentioned there are three junior sides, ranging in ages from under 10, under 12 and under 14 years of age, and whilst not carrying off the leading positions, did exceptionally well. The under 12 side being runners-up in their group and the under 10's winning the trophy offered in the Round Robin.

In the junior sides the boys are practically all of Australian families and in the senior team the proportion of Greek players to Australian would be 40 per cent to 60 per cent, and we find that the team spirit is extremely high, all players combining well to do their utmost to put Hellenic on top.

In the senior side we have all young players who we hope will be playing soccer for many years to come and must go from strength to strength.

Our Patron, Mr. Theo Conomos (President of the Greek Community) has been of great help in this past season and we look forward to the continued support of the Greek Community in the coming season.

We would like to thank the officers of the club for their ready help and assistance throughout the year, also we extend our grateful thanks to those friends who have supported us in many ways throughout the season.

Finally, we would like to say to our supporters that we hope to make the 1967 season a highlight in our career and invite you to follow all our teams with pride.

*where
the fun is!*

*For the swinging times . . . the fun days
... enjoy the cool liquid sunshine of
Passiona . . . the swiftest drink around.
You'll be tempted, then refreshed by
Passiona's wild, tangy, exciting flavour
of real passionfruit. Drink Passiona
ice cold for the sheer pleasure of it . . .
There's no drink quite like this bubbling,
sparkling, liquid sunshine . . . Passiona,
the golden fruit drink of the sun.
Passiona goes! . . . where the fun is!*

The Greek Orthodox Church

The Orthodox Church is a most democratic body which comprises first, Churches founded by the Apostles themselves, or by the disciples of the Apostles, and which have remained in full communion with one another and secondly, those Churches which have derived their origin from the missionary activity of the first Churches, or which were founded by separation from them, without loss of communion.

To the first class belong the four Patriarchates of Constantinople, Alexandria, Antioch and Jerusalem, and the Church of Cyprus. The Church of Constantinople was founded by St. Andrew, the Church of Alexandria by St. Mark, the Church of Antioch by St. Paul, the Church of Jerusalem by St. Peter and James, and the Church of Cyprus by St. Paul and St. Barnabas.

To the second class belong the Church of Sinai, the Church of Russia, the Church of Greece, the Church of Yugoslavia, the Church of Rumania, the Church of Georgia in the Caucasus, the Church of Poland and the Church of Albania.

All these Churches are independent of each other in their administration but at the same time are in full communion with one another. And what is more important and must be strongly emphasised, they have the same faith, doctrine, Apostolic tradition, sacraments, liturgies and holy services.

The Orthodox Church derives her teaching from two sources: The Holy Scriptures and the Sacred Tradition. These two sources, according to the Orthodox conviction, are equal value and they complete each other.

The Orthodox Church recognises seven sacraments; Believes in the real presence of our Lord in the Holy Eucharist; Venerates and honours the Saints and asks their intercession with God.

And of all Saints honours exceedingly the Mother of our Lord, because of the supreme grace and the call which She received from God.

The Greek Orthodox Church venerates also the sacred Icons and relics. And this veneration is according to the decisions and canons of the Seventh Ecumenical Council, relates not to the sacred images as such, but to their prototypes, or to the persons whom they represent.

**THIS BUSINESS DIRECTORY IS SPONSORED BY THE GREEK
COMMUNITY OF DUBBO AND THE WEST.**
